

I have been a supporter of K-LOVE radio in the Salt Lake City area for several years. K-LOVE serves me and other Christians in our local area. If K-LOVE were to be displaced by a LPFM broadcast station providing other programming, then the Salt Lake valley would have no commercial-free Christian radio. I believe that K-LOVE radio provides a much needed service that supports the public interest. I request that you disallow the use of LPFM stations to displace the family-friendly K-LOVE station.
